

FAIRFAX COUNTY PARK AUTHORITY

Request for Qualifications – Civil Engineering and Related Services Basic Ordering Agreement Professional Services

Fairfax County Park Authority (FCPA) is soliciting qualifications from civil engineering firms to provide professional services for feasibility studies, special design studies, special services, peer reviews, and design and construction administration of various capital facility projects of common park land development infrastructure under a basic ordering agreement (BOA). These land development infrastructure projects include, but are not limited to, the following: roadways and parking lots, trails, bridges, natural and synthetic turf fields, athletic field lighting, irrigation, stormwater facilities, retaining walls, and utility installations including water and sanitation distribution systems.

Fairfax County Park Authority intends to award contracts with a ceiling limit of \$6,000,000 per year to two firms for BOA work. The amount authorized for any one project shall not exceed \$2,000,000. Selected firms will be required to perform other miscellaneous design duties such as value engineering and peer reviews and shall have a full service consultant team including civil, survey, structural, landscape architecture, geotechnical, environmental, value engineering, lighting, irrigation, MEP, architectural, traffic sub consultants, independent cost estimating, and construction administration. All services will be implemented on a task order basis (as-needed); no specific projects are identified at this time. The contracts will be for a one-year period, with the Park Authority's option to renew for four additional one-year periods.

A Selection Advisory Committee (SAC) will review and evaluate the Request for Qualifications of all firms based on the criteria listed below. Each criterion will be evaluated for the maximum number of points indicated below. These criteria will be used to determine the short list of firms to invite for interviews.
